

PANASONIC VEHICLE DOCK FOR TOUGHBOOK CF-20 NOTEBOOK

Model Numbers CF-CDS20VM01/02/03/04/05/06

A ruggedised docking solution for the Toughbook CF-20 notebook, specifically designed and developed for in-vehicle applications, offering full port replication and optional dual antenna pass-through.

A secondary locking arm acts as an additional securing mechanism for the CF-20 while docked. The dock allows the CF-20 to be secured in notebook mode or in convertible mode* for access to job routing, GPS software and other critical applications.

Features

- Designed by Panasonic specifically for the Toughbook CF-20 notebook model
- Designed to meet, and tested to MIL-STD-810G test criteria
- Ergonomically designed for in-vehicle use
- Polycarbonate ABS and aluminium construction for reduced weight and long-term durability
- Full port replication: 16V DC-IN; 1 x LAN; 1 x HDMI**; 1 x VGA**; 1 x Serial; 2 x USB 3.0
- Optional dual antenna pass-through (TNC)
- Universal mounting system with 75mm VESA mounting plate as standard
- Device can be fully secured in storage mode or in convertible mode*
- Keyboard can be secured when docked in notebook mode
- Tablet removable when keyboard base is docked
- Docking mechanism tested to 30,000 cycles (not limited to)
- Non-electronic versions available
- 1 year standard warranty (pick up and return)
- 3 and 5 year Extended Warranty and Accidental Damage Warranty options available

*Convertible mode not possible with full gadget configuration option

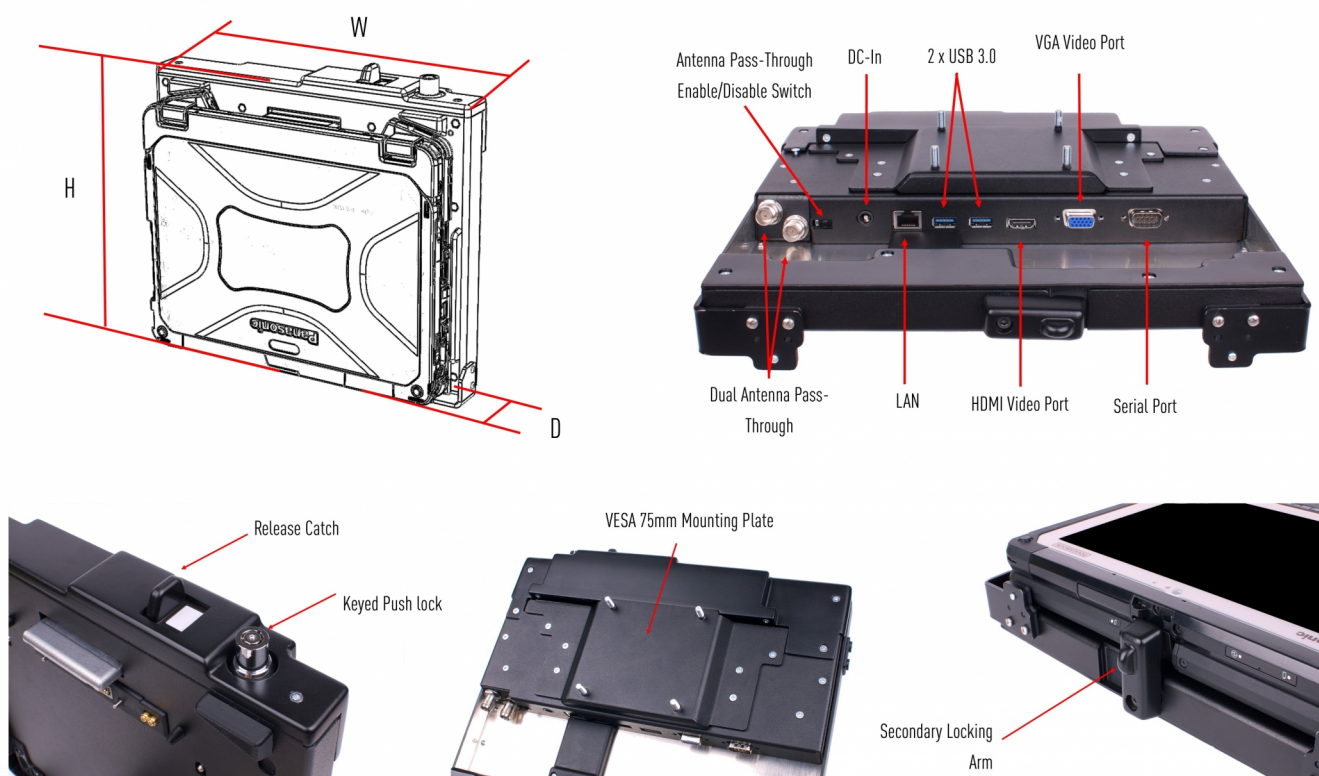

**VGA and HDMI can be used simultaneously
